

ANCIENT EGYPT

Egypt is a country in North Africa. The capital city is Cairo

The civilization of Ancient Egypt is located along(lungo) the Nile River (fiume) and lives there for 3.000 years.

The Nile is very important for the Egyptians and they become (diventano) experts in irrigation and agriculture.

The Nile provides (fornisce) food, water and transportation.

In Ancient Egypt people (le persone) wear (indossano) linen clothes (vestiti di lino) because it's hot and linen is fresh. Men(uomini) wear a kilt and women(donne) wear a dress.

The Egyptians like jewelry (gioielli) and makeup (trucco del viso).

Colour the map: 1 blue , 2 green, 3 brown
The blue areas are water.
The green areas are good for agriculture.
The brown areas are the deserts.

THE PYRAMIDS

There are over 100 pyramids in Egypt.

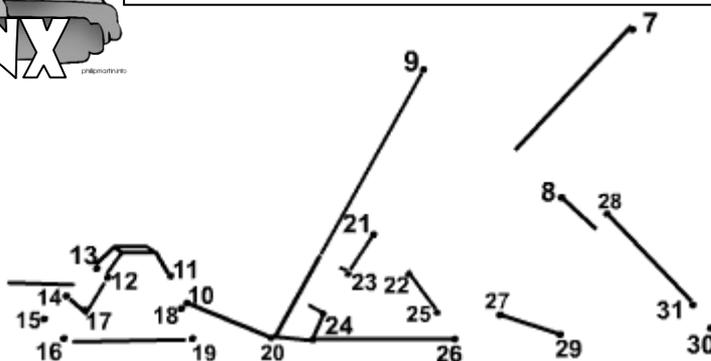

The pyramids are tombs built for the kings and queens (the pharaohs) of Egypt. In the Royal Tombs there are rooms full of treasures (piene di tesori): gold, jewellery and furniture (arredi).

Inside the Pyramids there is a maze of corridors and many paintings (dipinti) on the walls.

Pyramids are made from blocks of stone.

The Sphinx has got a lion body and a pharaoh's head. It is located in Giza. People call this statue a guardian.
