Animals on a Farm

Read the text and write the name under each animal.

The first one (0) is an example

What animals live on a farm?

Frank is a boy and he lives on a beautiful farm with his big family. He likes animals and he has got lots of animals on the farm! Peter is a pig. He is very big!

There is a cow too. Her name is Mimi and she gives the family fresh milk every day.

There are lots of white sheep. Frank's favourite sheep is Sheldy.

There is also a small yellow duck. Her name is Daisy.

Nestor is a donkey and he is short and grey. Larry is a horse. He is tall and brown.

Then there is Gary the goat. He is funny! But my favourite animal is Diddo: he is my dog and he is very intelligent.
